## FREQUENTLY ASKED QUESTIONS:

### WHAT IS A COMMUNITY SAFETY OFFICER (CSO)?

A CSO will provide additional uniformed presence and patrol in WDFN. They can investigate low-risk incidents (ex. property theft) and engage in the enforcement of provincial laws and/or WDFN bylaws. They may also work with prevention-based programs, such as schools or with community groups.

### WHAT HAPPENS TO THE RCMP?

CSO's and the RCMP will work together. When CSO's deal with low-risk incidents, the RCMP will have more time to focus on serious criminal investigations.

### CAN CSO's PULL YOU OVER?

Yes, CSO's can pull you over when they are in uniform.

### CAN CSO's ARREST YOU?

CSO's have the authority to make arrests under certain provincial legislation.

### DO CSO's CARRY WEAPONS?

CSO's do not carry guns, however, they do carry handcuffs, batons, and an Oleoresin Capsicum spray.

### WHY DO WE HAVE CSO's?

In October 2019, WDFN, Muskoday, and the Province of Saskatchewan signed an MoU agreement. The MoU implements the CSO program to better enforce our laws and ensure community safety. This pilot program is supported by federal and provincial policing funding and by the Lands Advisory Board.

## COVID-19 RESPONSE AND UPDATES

### Masking Optional in Most Whitecap Offices

The Whitecap Dakota First Nation discontinued with the mandatory masking in our workplaces with exception of the Health Centre, where mandatory masking remains in effect for all staff and visitors until further notice.

Effective Tuesday, May 24<sup>th</sup>, 2022, the rest of our workplaces are mask-friendly.

### Self-Monitoring

Self-monitoring means watching closely for symptoms in yourself or your dependents. At the first sign of symptoms, such as increase in body temperature or development of a cough or sore throat or shortness of breath, you should use the **testing options available** to you.

**Symptoms of Covid-19 are like other respiratory illnesses including the flu and common cold and may include one or more of the following:**

- Fever/Chills
- Cough
- Sore throat
- Loss of taste or smell
- Shortness of breath
- Headache
- Muscle or joint aches and pains
- Runny nose or
- Nasal congestion
- Conjunctivitis
- Dizziness
- Fatigue
- Nausea/vomiting
- Diarrhea
- Loss of appetite

Note that some people experience mild symptoms or no symptoms at all.

### Self-Monitoring vs. Self-Isolation

Self-monitoring means paying attention to your health so you can identify signs of sickness. During a pandemic, everyone should be self-monitoring. It is important to know the symptoms of Covid-19 and to act appropriately if you have those symptoms. Self-isolation means staying at home to prevent the spread of infection.

**How to Protect Yourself**

The best protection against COVID-19 is to get **fully vaccinated with 2 doses of Covid-19 vaccine along with a Booster**. Continue to practice everyday preventive actions to reduce transmission of this respiratory illness.

- Practice proper cough and sneezing etiquette (into a tissue or the bend of your elbow)
- Wash your hands often with soap and water; if soap and water are not available, use an alcohol-based hand sanitizer
- Avoid touching your eyes, nose and mouth with unwashed hands
- Clean and disinfect high-touch surfaces regularly
- Stay home with even mild symptoms and get tested

**Whitecap Health Centre Offers Vaccinations and Testing  
Call 306-373-4600**

You may get your Covid-19 vaccine or booster shots by booking an appointment through the Health Centre.

Covid-19 testing is available at the Whitecap Health Centre weekdays (except statutory holidays) from 10am – 12 noon. No appointment required. All you need to bring is your health card. Please call ahead to notify the nurse that you are coming for testing, and you will be given instructions on how to proceed.

Rapid tests are available from the Whitecap Health Centre (8:00 AM – 4:30 PM weekdays) or by calling the Health Centre for drop off within the community or for Whitecap Urban members.

Information regarding Returning to School can be found on CRHES Facebook page. DO NOT send your child to school if they have any of the symptoms listed above.

For more information you can visit: [saskatchewan.ca/covid-19](https://saskatchewan.ca/covid-19)

You can access your proof of vaccination on *eHealth*, visit: [www.ehealthsask.ca](https://www.ehealthsask.ca)

Please respect and follow all organizational policies and guidelines that are in place to protect others.

Grandma

Everyone's health is unique and some may need more doses to reach a high level of protection (like Max's Grandma).

The greater your immunity, the more your body is able to fight COVID-19. This means you are less likely to have a very serious case or need to go to the hospital.

Jordan's Principle is a principle that ensures there is substantive equality (true equality) and that there are no gaps in publicly funded health, social, and education programs, services, and supports for all First Nations children, on or off reserve, under the age of majority (0 - 18).

The Jordan's Principle provides necessary funding for any services/products/supports, within the domains of health, dental, medical equipment, mental health, social, educational needs, and any other aspect that directly affects the child's wellbeing. In addition, the Jordan's Principle not only aids with individual requests but also group requests (group homes, schools, communities, etc.). The aim of the Jordan's Principle is to meet the unmet needs of all First Nations children and to be able to achieve equal outcomes as all children in Canada. Furthermore, the Jordan's Principle seeks to attain a level of care that is within and beyond Normative Standards of Care, provisions that are culturally appropriate, and adequate safeguards in the best interest of the child. There are a multitude of requests of services/products/supports that are provided for all First Nations children. Each request is evaluated and decided on a case-by-case basis.

If your child requires the support from the Jordan's Principle, please contact me. I will provide guidance in application, navigation of language & process, education of Jordan's Principle standards, provisions of immediate resources, and assist with all coordination processes and funding, if needed.

# Do you have a will?

## Did you know?

**<9%**

Less than 9% of First Nation peoples  
on reserve pass away with a will

- the INAC website has information about planning your estate
- your will differs if you live on- or off-reserve
- the *Indian Act* outlines what should be included in your will
- you can't gift your land on reserve to someone who is not a member of your First Nation
- you can change your will as often as you like
- writing a will doesn't have to be complicated or costly

## Why make a will?

- to provide for your loved ones, your children and grandchildren
- to decide who will get your home

- to clearly state who should receive your possessions

- to name who will take care of your children and dependents

- to leave instructions for end of life ceremonies

- to name who will take care of your estate

A will could provide peace of mind and clear direction  
about your wishes to your family and loved ones

**To:** ALL Whitecap Dakota Community Tenants  
**CC:** WDFN Council  
Warren Buffalo, General Manager  
**From:** Terry Parenteau, Director WDFN Housing & Public Works  
**Date:** January 5, 2022  
**Re:** **Maintenance Calls**

---

Please be advised that we are requesting all tenants take the following actions prior to making a maintenance call to the Housing & Public Works.

All housing units have received a Basic Home Maintenance Manual. Within the manual holds valuable housing maintenance tips. Such as replacing your furnace filter, plunging your toilet, sinks and tubs along with many other valuable maintenance guides.

1. When a maintenance repair arises please refer to your Basic Home Maintenance Manual and follow the procedure listed in the manual.
2. Should you fail to rectify the maintenance repair issue please call Housing & Public Works 306-477-2013 and we will try to assist you over the phone.
3. If maintenance repair attempts are unsuccessful, H&PW will then place a call to a Professional Service Technician.

If you have placed a maintenance call and a Service Technician has not arrived to your home within 24 hours please call H&PW and we will follow up. **DO Not** Contact the Contractor yourself unless you are willing to be **liable for the bill**.

Please do not disrupt Housing & Public Works while they are working in the community. They are extremely busy and are not authorized to change their schedule. Keep in mind it is not anyone other than the tenants' responsibility to report your housing issue.

Thank you for your immediate attention and cooperation in this matter.

**To:** All WDFN Community Tenants  
**From:** Terry Parenteau, Director Housing & Public Works  
**Cc:** Warren Buffalo, General Manager  
**Date:** January 5, 2022  
**Re:** Furnace Maintenance

---

Please be reminded that it is the tenant's responsibility to maintain the furnace 9 out of 10 winter furnace service calls are due to a clogged filter.

All Housing Units were provided with a Basic Home Maintenance Tenant Handbook, page 23 – 26 contains helpful tips on Furnace Maintenance:

### Once a Month

Change or clean filters, especially during the heating months.

### As a reminder, when the seasons change, change the furnace filter but check often.

To determine how dirty the filters are, hold them up to a light source. If you can easily see light through them, then they are still deemed clean enough to use. Vacuum out return air grilles.

Unusual noises produced by the furnace should be cause for concern.

If airflow from your heat register decrease or seems cooler, chances are the furnace filter is clogged and must be replaced.

### Benefits of Furnace Maintenance:

- Helps to increase equipment life
- Restores lost capacity
- Prevents breakdown
- Reduces utility costs
- Prevents unnecessary repair costs

Standard Furnace Filters are 16 x 25 x 1 and may be purchased at Home Depot, Canadian Tire and Walmart at affordable prices.

Stay warm this winter by regularly changing your furnace filter!

Within the last few months, WDFN Housing & Public Works has received an increased number of complaints of dogs running at large and, in some cases, acting aggressive towards people especially children. Due to this, WDFN Housing & Public works is taking a serious stance on owner(s) allowing their dog(s) to run at large.

A dog is running at large when it is beyond the boundaries of the land occupied by the owner of the dog, or beyond the boundaries of any lands where it may be with the permission of the owner or occupant of the said land when it is not under control by being:

1. In direct and continuous charge of a person competent to control it;
2. Securely confined within an enclosure; and
3. Securely fastened so that it cannot roam at will.

Please be advised that WDFN H&PW will take necessary steps to remove any dog(s) running at large in the community.

Respectfully

Terry Parenteau,  
Director of Housing & Public Works
