Whitecap Community Safety Officer (CSO) Program.

CONTACT INFORMATION:

Temporary Phone Number: 306-281-7543 or 306-281-4868

Office Location: Whitecap Dakota FN Fire Hall.

FREQUENTLY ASKED QUESTIONS:

WHAT IS A COMMUNITY SAFETY OFFICER (CSO)?

A CSO will provide additional uniformed presence and patrol in WDFN. They can investigate low-risk incidents (ex. property theft) and engage in the enforcement of provincial laws and/or WDFN bylaws. They may also work with prevention-based programs, such as schools or with community groups.

WHAT HAPPENS TO THE RCMP?

CSO's and the RCMP will work together. When CSO's deal with low-risk incidents, the RCMP will have more time to focus on serious criminal investigations.

CAN CSO's PULL YOU OVER?

Yes, CSO's can pull you over when they are in uniform.

CAN CSO's ARREST YOU?

CSO's have the authority to make arrests under certain provincial legislation.

DO CSO's CARRY WEAPONS?

CSO's do not carry guns, however, they do carry handcuffs, batons, and an Oleoresin Capsicum spray.

WHY DO WE HAVE CSO's?

In October 2019, WDFN, Muskoday, and the Province of Saskatchewan signed an MoU agreement. The MoU implements the CSO program to better enforce our laws and ensure community safety. This pilot program is supported by federal and provincial policing funding and by the Lands Advisory Board.

CSOs may enforce laws under the following acts:

- *The Traffic Safety Act*
- *The Alcohol and Gaming Regulation Act, 1997*
- *The Highways and Transportation Act, 1997*
- *The Whitecap Environmental Protection Law, 2018*
- *The All-Terrain Vehicles Act and The Snowmobile Act*
- *The Trespass to Properties Act*
- *The Mental Health Services Act*
- *The Stray Animals Act*
- *The Summary Offence Procedures Act*
- *WDFN Smoking Bylaw*
- *WDFN Cannabis Control Law (2022)*
- *Other WDFN Bylaws (e.g., waste disposal)*

STC Well-Being Services

Saskatoon Tribal Council (STC) Well-Being Services works collaboratively with our member communities to provide positive outcomes for children and families through the Progressive Model. The Progressive Model funding assists communities in enhancing their prevention and family support services that keep families intact and thriving within their circle of support and cultural connections. The goal is to move towards implementing and delivering their child welfare model.

Well-Being Services provides two collaborative pathways of services to STC members in their respective communities:

➤ Child Protection and Child Safety Services

STC has the legal authority under delegation of the Ministry of Social Services (Child and Family Services Act) to assess, investigate, and respond to alleged reports of child welfare concerns in our member communities.

Well-Being Services works collaboratively with communities to respond to child welfare concerns focusing on addressing safety concerns that support the child's best interest and build upon family strengths.

➤ Secondary-Level Services

Ongoing assessments are essential in enhancing prevention and family support services. Communities are in the best position to know what is required to meet the needs of their families and children.

Well-Being Services helps facilitate and support capacity building in essential prevention and family support services for our member communities through our clinical and technical support services.

STC Urban Family Services

Our urban members can also access STC Urban Family Services programs for family support and children programs at their new location at 320-21st Street West in Saskatoon. Please call 306-956-0318 for more information or visit STC's webpage.

Intake Contact Information

General Inquiries about Well-Being Services:

306-659-5668 or toll free 1-844-956-5668

(Monday to Friday 8am to 4:30pm)

This number gets forwarded to an answering service outside of office hours and only urgent child welfare concerns will be patched through to an on-call worker

For Kinistin, Mistawasis, Muskoday, One Arrow, and Whitecap:

STC toll-free child protection reporting line:
1-866-871-4237

This number is forwarded to a call-center after hours, which in turn directs the call to the STC worker on call.

For Muskeg Lake:

Child welfare reports currently go directly to the Ministry of Social Services. Their toll-free intake number is 1-800-274-8297. This number is routed through Mobile Crisis outside of regular office hours.

The Child and Family Services Act requires First Nations Child and Family Services Agencies to provide services to families on reserve where children are believed to be in need of protection. The goal of child protection services is to maintain children in their family home whenever possible and, if a child must be removed for their protection, to reunite families as soon as possible.

What is child abuse and neglect?

Abuse and neglect refers to circumstances that may be harmful to a child's physical, emotional or psychological health.

- **Physical abuse** – any action, including discipline, causing injury to the child's body. Indicators: the presence of several injuries over a period of time; any bruising on an infant; reluctant to go home; cannot recall how injuries occurred, or offers an inconsistent explanation.
- **Sexual abuse** – any action involving a child in sexual exploitation or sexual activity including touching, exposure, using a child in the making of/or viewing pornography. Indicators: injuries to the genital or anal area (e.g., bruising, swelling, infection); pregnancy; age-inappropriate sexual play with toys, self, others; bizarre, sophisticated or unusual sexual knowledge.
- **Emotional maltreatment** – expecting a child to be able to do things he or she cannot do, embarrassing or insulting a child, making hurtful comments about a child's appearance, intelligence, size, ability, etc. Indicators: bedwetting and/or diarrhea which is non-medical in origin; frequent complaints of headaches, nausea, abdominal pain; extreme withdrawal or aggressive behavior; severe depression; running away from home.
- **Neglect** – failing to provide a child with enough food, proper clothing, shelter, health care, or supervision. Indicators: hunger, inappropriate dress, poor hygiene, developmental delays; persistent health conditions (e.g., scabies, head lice); steals food; reports no caregiver at home.
- **Domestic violence** – exposing a child to a pattern of abusive behavior or threats of abusive behavior by one caregiver against another (hitting, kicking, restraining, slapping, throwing objects, intimidation, stalking, etc.). Indicators: physical injuries; aggressive or antisocial behaviours; poor social relationships; low self-esteem.

Duty to Report

Anyone having reasonable suspicion that a child's physical, mental, emotional welfare has been or is being neglected has the legal duty to report such information immediately to a local First Nations Child and Family Services, Ministry of Social Services, or to the Police.

"The duty to report overrides professional confidentiality codes when there is reason to believe that a child may be abused or neglected."

As a parent...

If you would like general information on supports available, please call 306-659-5668 or toll-free 1-844-956-5668 and request to speak to the Social Worker on Duty.

If you feel unable to safely parent your children, please call **1-866-871-4237**.

As a community member...

If you believe a child may be neglected or abused, you have a **legal responsibility** to report your concerns by calling **1-866-871-4237**.

Grandma

Everyone's health is unique and some may need more doses to reach a high level of protection (like Max's Grandma).

The greater your immunity, the more your body is able to fight COVID-19. This means you are less likely to have a very serious case or need to go to the hospital.

Jordan's Principle is a principle that ensures there is substantive equality (true equality) and that there are no gaps in publicly funded health, social, and education programs, services, and supports for all First Nations children, on or off reserve, under the age of majority (0 - 18).

The Jordan's Principle provides necessary funding for any services/products/supports, within the domains of health, dental, medical equipment, mental health, social, educational needs, and any other aspect that directly affects the child's wellbeing. In addition, the Jordan's Principle not only aids with individual requests but also group requests (group homes, schools, communities, etc.). The aim of the Jordan's Principle is to meet the unmet needs of all First Nations children and to be able to achieve equal outcomes as all children in Canada. Furthermore, the Jordan's Principle seeks to attain a level of care that is within and beyond Normative Standards of Care, provisions that are culturally appropriate, and adequate safeguards in the best interest of the child. There are a multitude of requests of services/products/supports that are provided for all First Nations children. Each request is evaluated and decided on a case-by-case basis.

If your child requires the support from the Jordan's Principle, please contact me. I will provide guidance in application, navigation of language & process, education of Jordan's Principle standards, provisions of immediate resources, and assist with all coordination processes and funding, if needed.

Important Update for Birth Registration Applications**PARENTS, PLEASE READ**

We have been advised that applications for birth registrations that are mailed to the National Processing Unit in Gatineau, Quebec have been experiencing a delayed wait time of up to 2 years to process birth registrations, and that it is quicker to process birth registration applications if done in person or mailed to a regional office in Saskatchewan.

Parents: Please do not mail your child application for birth registration to the address listed on the application form. Instead, we strongly encourage parents to contact the Whitecap IRA for assistance with birth registration forms processing.

Options for parents for processing their child registration applications:

1. *On Reserve or Local Urban Parent Members:*
 - a. Preferred method: Make an in-person appointment with the Whitecap IRA to verify the completeness of your forms, then she will mail them directly to the regional office in Regina.
 - b. Mail the application to the Whitecap IRA so she can verify the forms content and send to the Regina office:

Do you have a will?

Did you know?

<9%

Less than 9% of First Nation peoples
on reserve pass away with a will

- the INAC website has information about planning your estate
- your will differs if you live on- or off-reserve
- the *Indian Act* outlines what should be included in your will
- you can't gift your land on reserve to someone who is not a member of your First Nation
- you can change your will as often as you like
- writing a will doesn't have to be complicated or costly

Why make a will?

- to provide for your loved ones, your children and grandchildren

- to clearly state who should receive your possessions

- to leave instructions for end of life ceremonies

- to decide who will get your home

- to name who will take care of your children and dependents

- to name who will take care of your estate

A will could provide peace of mind and clear direction
about your wishes to your family and loved ones

CC: WDFN Council
Warren Buffalo, General Manager
From: Terry Parenteau, Director WDFN Housing & Public Works
Date: November 29, 2022
Re: **Maintenance Calls**

Please be advised that we are requesting all tenants take the following actions prior to making a maintenance call to the Housing & Public Works.

All housing units have received a Basic Home Maintenance Manual. Within the manual holds valuable housing maintenance tips. Such as replacing your furnace filter, plunging your toilet, sinks and tubs along with many other valuable maintenance guides.

1. When a maintenance repair arises please refer to your Basic Home Maintenance Manual and follow the procedure listed in the manual.
2. Should you fail to rectify the maintenance repair issue please call Housing & Public Works 306-477-2013 and we will try to assist you over the phone.
3. If maintenance repair attempts are unsuccessful, H&PW will then place a call to a Professional Service Technician.

If you have placed a maintenance call and a Service Technician has not arrived to your home within 24 hours please call H&PW and we will follow up. **DO Not** Contact the Contractor yourself unless you are willing to be **liable for the bill**.

Please do not disrupt Housing & Public Works while they are working in the community. They are extremely busy and are not authorized to change their schedule. Keep in mind it is not anyone other than the tenants' responsibility to report your housing issue.

Thank you for your immediate attention and cooperation in this matter.

Re: **Furnace Maintenance**

Please be reminded that it is the tenant's responsibility to maintain the upkeep of the furnace, 9/10 winter furnace service calls are due to a clogged filter. If the furnace service call confirms that the furnace filter is clogged the tenant **will be held responsible** for the cost.

All Housing Units have been provided with a Basic Home Maintenance Tenant Hand Book, page 23 – 26 contains helpful tips on Furnace Maintenance:

Once a Month

Change or clean filters during the heating months.

As a reminder when the seasons change, change the furnace filter but check often.

To determine how dirty the filters are, hold them up to a light source. If you can easily see light through them, then they are still deemed clean enough to use. Vacuum out return air grilles.

Unusual noises produced by the furnace should be cause for concern.

If airflow from your heat register decrease or seems cooler, chances are the furnace filter is clogged and must be replaced.

Benefits of Furnace Maintenance:

- Helps to increase equipment life
- Restores lost capacity
- Prevents breakdown
- Reduces utility costs
- Prevents unnecessary repair costs

Standard Furnace Filters are 16 x 25 and may be purchased at Home Depot, Canadian Tire and Walmart at affordable prices.

This winter ensure warmth and change your furnace filter.

Re: **Tenant Responsibility to Remove Snow and Ice**

This notice is to remind WDFN Tenants of their responsibility to remove snow and ice from driveways, walkways and steps. We suggest that each home have a shovel and ice melting salt on hand to clear driveways, walkways and steps as needed.

Keeping your driveway, walkway and steps clear of snow and ice will help prevent slips and falls for the occupants of the dwelling as well as any delivery persons.

Start removing the snow when the ground is lightly covered and keep clearing it often. Doing this greatly reduces the accumulation of heavy, packed snow.

If your dwelling has excessive buildup of snow or ice on walkways and or steps, delivery of items to the dwelling may be affected.

Elder units are the only units that are entitled to have their driveway, walkway and steps cleared of snow.

Please feel free to contact me at 306-477-2013 should you have any questions concerns pertaining to this matter.

Re: **Loraas Disposal Garbage Bins and Recyclable Bins**

Please keep in mind when discarding your garbage and recyclables.

1. Collection equipment requires clear, safe access to your container on collection day to ensure service.
2. Containers with inappropriate materials, overweight or over height could be bypassed by collection personnel.
3. Garbage bags should NOT be stacked on top of or beside the garbage bin. The garbage bin must be able to close. Cardboard boxes/material do NOT belong in the garbage bins but rather the blue recycle bins.

The Grey garbage bins are clearly marked **"DO NOT OVERFILL"**

The Blue Recyclable bins are clearly marked **"Recyclable Products"**

Below are illustrations of what to do AND what not to do on garbage day.

Memorandum

To: WDFN Community Dog Owners
From: Terry Parenteau, Director Housing & Public Works
cc: Warren Buffalo, General Manager
Date: January 5, 2022
Re: *Dogs Running at Large*

Within the last few months, WDFN Housing & Public Works has received an increased number of complaints of dogs running at large and, in some cases, acting aggressive towards people especially children. Due to this, WDFN Housing & Public works is taking a serious stance on owner(s) allowing their dog(s) to run at large.

A dog is running at large when it is beyond the boundaries of the land occupied by the owner of the dog, or beyond the boundaries of any lands where it may be with the permission of the owner or occupant of the said land when it is not under control by being:

1. In direct and continuous charge of a person competent to control it;
2. Securely confined within an enclosure; and
3. Securely fastened so that it cannot roam at will.

Please be advised that WDFN H&PW will take necessary steps to remove any dog(s) running at large in the community.

Respectfully

Terry Parenteau,
Director of Housing & Public Works

Does Your Family Have A 72-Hour Emergency Kit?

“What is a 72- Hour Emergency Kit and why do I need one”?

Many people ask the question, “What is an emergency kit?” Simply put, a 72-hour emergency kit (for blizzards, tornadoes, power outage, wildland fires or other occurrence) is a collection of basic items your family will need to survive in the event of an emergency.

Being aware that you and your family may need to survive on your own after a major power outage or disaster situation occurs, means having your own emergency food, water and other important supplies on hand in sufficient quantities to sustain yourself and your family for at least 72 hours.

Local officials and relief workers will be on the scene when possible after a disaster, but they cannot reach everyone immediately. You could receive help in hours—or it may take days or longer. Additionally, basic services such as electricity, gas, water, sewage treatment and telephones may be cut off for days, or even a week or more. Your emergency supplies kit should include plenty of survival essentials to help you manage during these outages.

Why Emergency Kits are Important?

Emergency survival kits have been used for centuries to protect people from natural disasters. Most people use emergency kits in natural disasters to keep them safe; however, there are also people who do not use kits because they do not think that they will ever need one because they have never experienced a natural disaster. 72-hour kits are important in any natural disaster because they keep you safe, are essential for staying prepared and fighting off stress, and could mean the difference between life and death in an emergency situation.

MAKE A PLAN TODAY. Your family may not be together if a disaster strikes, so it is important to know which types of disasters could affect your area. Know how you'll contact one another and reconnect if separated. Establish a family meeting place that's familiar and easy to find.

Since you do not know where you will be when an emergency occurs, prepare supplies for home, work and vehicles.

Home: Keep this kit in a designated place and have it ready in case you have to leave your home quickly. Make sure all family members know where the kit is kept.

Work/school: Be prepared to shelter at work or school for at least 24 hours. Your kit should include food, water, and other necessities like medicines, stored in a “grab and go” case (backpack).

Vehicle: In case you are stranded, keep a kit of emergency supplies in your car, and add items for winter driving as needed.

Emergency planning experts at WDFN are encouraging you to assemble your kit well in advance of an emergency. You may have to evacuate at a moment's notice and take essentials with you. You will probably not have time to search for the disaster supplies you require, at a time when you most need them. Emergency preparedness provides peace of mind and safety for yourself and your loved ones, and ensures that essential survival supplies will be on hand and ready-to-grab when you most need them! Now is the ideal time to make sure your emergency supplies kit is in place and up to date.

WDFN EMERGENCY MANAGEMENT

Use this suggested checklist to stock a basic 72-hour kit and add items depending on your family's needs. Ideally, your kit should be stored in a waterproof and wheeled container. You may have to stay in your home without electricity or water, or you may have to evacuate your home for a period of time. Building a 72-hour emergency kit includes everything your family needs for a 3-day camping trip, at home.

Keeping communities safe.

SaskEnergy wants to help make your community a safer place by partnering with you and your leadership to help prevent carbon monoxide poisoning.

Carbon monoxide (CO) is an odourless, colourless, tasteless, poisonous gas generated when common fuel sources are not completely combusted (natural gas, propane, fuel oil, wood, coal and charcoal).

If a home doesn't have proper ventilation or an adequate air supply, large amounts of CO can build up creating a life-threatening situation.

As a natural gas supplier, we recognize our part in carbon monoxide education and prevention. As such, we hope to continue a dialogue with your leadership, including those responsible for your community's housing needs, around carbon monoxide safety and specifically about installing carbon monoxide alarms inside each home. Installing a CO alarm is the best way to alert families if there is an issue.

Included in the package with this letter are magnets and informational posters that could be placed around your community. The materials talk about prevention, recognizing the signs of carbon monoxide poisoning, and who to call in case of an emergency.

We encourage you to visit saskenergy.com/stayingsafe for more information or feel free to reach out to me directly.

Thank you for your time and consideration of the materials we have provided.

I registered through the app, but I can't login to the app.

There are a few reasons you might not be able to login after registering:

- Have you verified your email address? You will need to click the link in your verification email before logging in. If you have not received the verification email please check your spam or junk folder.
- Are you entering the correct username? Remember to use your username, not your email address.
- Are you typing your password correctly? Try opening notepad, typing out your password and then copying and pasting it into the password field.

If the above does not work, you can always reset your password or contact support

I have access to the app and new content appears, but i do not receive push notifications.

The first time you opened the app, you would have been asked to enable push notifications permissions, You can confirm that this is enabled through your device's settings.

I can't receive any verification/password reset/other automated email from the Communikit Platform.

If your email's spam filtering is particularly aggressive emails from Communikit may get caught up in your mail's junk or spam folder.

You can also try whitelisting the address: admin@mg.communikit.ca to ensure these emails are delivered to your inbox.

I'm receiving an error message that says my build has expired.

If you are receiving this error message, you were previously using a beta version of the app. Please delete the app and download it from your device's App store and log back in.
